

NOTES FROM THE CHAIR

In the previous extraordinary FEMM committee meeting organised in association with the AFET and DEVE committees we had the privilege to have an exchange of views with Michelle Bachelet, UN Under-Secretary-General and Executive Director of UN Women. It was a very constructive meeting where several gender equality issues were discussed, including violence against women, the female face of poverty, women's economic, social and political empowerment, gender budgeting, sexual and gender-based violence in conflict situations and the importance of female voices in peace negotiations. We acknowledged that the European Parliament and UN Women share many priorities. These common concerns definitely serve as a good condition for strengthening our partnership and we are looking forward to deepen our cooperation with UN Women. The next FEMM committee meeting starts with voting sessions and consideration of draft reports and opinions. Later on we will continue with a hearing on "A 2020 Perspective for Women in Turkey".
